

CAT-TASTIC INFOS & CONDITIONS

Custom trainings for high
performance teams.

INFRALOVERS

ABOUT INFRALOVERS

Our courses combine knowledge from our previous and ongoing consulting projects to deliver practical, hands-on experiences.

Based in Austria, we provide European-wide training and workshops available in German and English. Due to our positive experiences and the flexibility it offers, we mostly give our courses remotely. If requested, we are also available on-site.

As official HashiCorp partner we deliver HC-Trainings in Europe and the US east coast since January 2022.

Our Experienced trainers have built up years of experience in our consulting projects. We only teach what we have personally experienced, tested, and applied with clients. This is the only way we can credibly and professionally teach our knowledge to our training participants.

DI Edmund Haselwanter
CEO, Consultant & Trainer

FACT-SHEET

LANGUAGE & LOCATION

All our courses can be held in english or german. We mostly teach remotely but are also available on-site.

TRAININGS

Unlike other providers, we rely exclusively on **IT consultants with many years of expertise**. Our focus is on communicating innovation and current topics, as we accompany our

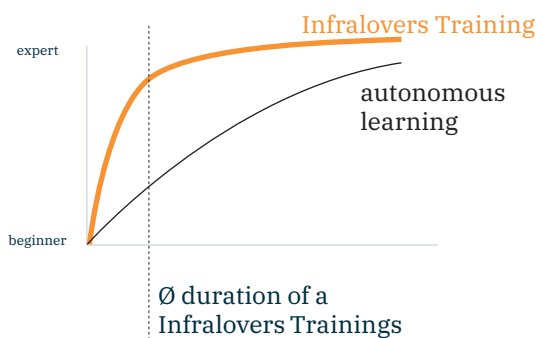

customers as consultants on the path from traditional infrastructure to Infrastructure as Code (IAC), **providing both professionals and beginners with the skills they need**.

INFRALOVERS ACADEMY

Over 10 years of experience have enabled us to standardise individual solutions and make them accessible to everyone.

We focus on real-life practice to ensure that our training courses are not only informative but also application-orientated - and therefore offer clear added value for everyone, regardless of their starting position.

CUSTOM TRAINING

What looks like a strange combination could be just the right mix for your customer.

We also create customised training courses according to your wishes.

TRAINING TYPES

HASHICORP ACADEMY

We are an official HashiCorp (HC) training partner and offer all courses from the HashiCorp Academy.

We provide these trainings in public and private formats, in German and English. All HashiCorp trainings have a clear focus on one of HC tools and how to use them efficiently & smart.

PUBLIC TRAINING

These courses are open for bookings to the general public on specified dates. Public trainings will be held remotely and require a minimum number of 8 participants to take place. If you are in a different time zone than GMT +1, please ensure that you are online on time.

You will be notified of the training's confirmation 2 days prior to the scheduled date via email. If the training does not reach the minimum required number of participants, it may be postponed or cancelled.

PRIVATE TRAININGS

Private training courses are course programmes that are held exclusively for your group of participants. You are free to choose the date and group size, up to a maximum of 12 participants.

“Very good and broad background knowledge from the trainer, so that even unexpected intermediate questions could be answered.”

- International fashion label | Terraform Testing

INFRALOVERS TRAINING

PRIVATE TRAININGS

All Infralovers training courses are private courses with a maximum group size of 8-10 online participants.

This has the advantage that we can address company-specific topics and questions that are relevant for the entire group.

Maximum of 10 participants per group (online).

PUBLIC TRAINING

We offer our courses for individuals on fixed dates. Min. 3 to max. 10 participants mixed from different companies.

LECTURES

Our lectures convey the core essence of the respective topic and offer the ideal introduction to a field of learning.

TRAINING DURATION

The duration of our trainings varies depending on the specific topic. You can find all course durations in our catalogue and price list.

CUSTOM TRAINING

What may seem like an unusual combination could be exactly what you need. Share your preferences with us, and we will create a customized training tailored to your specific needs.

Feel free to reach out to us at sales@infralovers.com at any time.
